

## Admissions information for families

The British School Quito is a non-selective, comprehensive, British Curriculum international school that caters for boys and girls from ages 3 – 18. The school is structured as follows:

- Nursery
- Primary
- Secondary
- Sixth Form

We would always encourage parents to plan for children to enter the school at the start of the academic year but we are happy to welcome applications at any time with four exceptions based on the proximity of terminal or internal exams:

- No students will be admitted into Year 13
- No students will be admitted into Year 12 after December of that year
- No students will be admitted into Year 11 after the completion of the first partial
- If students are joining from a school with a different calendar year (e.g. Australia) then please discuss with the Admissions Officer at the point of enquiry.

We are mindful that our new families may well be in the process of relocating and therefore The British School Quito admissions process is designed to be as simple as possible:

### The Application Process

**1. First Visit.** Where possible, we encourage families to visit The British School Quito before making your decision. It is important that the school parents choose for their children has the right ethos, curriculum and environment. In order request a visit date and time families should contact the Admissions Officer (Verónica Peñaherrera) at [admissions@britishschoolquito.edu.ec](mailto:admissions@britishschoolquito.edu.ec). At this point we will:

- Arrange a tour of the school
- Discuss any specific educational or extra-curricular needs the student may have
- Answer your questions regarding school life.
- Meet with a member of the Senior Leadership Team.
- Provide you with information and documentation regarding the next steps.

**2. Applying.** When the decision has been made to apply for a place at BSQ the following documents must be provided:

- A completed registration form
- Two passport photographs of the applicant
- Colour copy of the applicant passports or Ecuadorian Cédula
- Colour copy of the parents' passports or Ecuadorian Cédula
- A reference from the previous school Principal (if not in Nursery)
- The two most recent school reports (if not Nursery)
- The student's immunisation record

- A Financial Declaration

**3. Assessment and Interview.** Once the required forms have been received, the Admissions Officer will arrange for an assessment test to be taken by the students/s. We test all applying students to assess cognitive ability and to ensure that the student will be able to meet their full potential at BSQ. We will also use this test to establish the level of English the students has mastered and whether or not extra support might be required.

At BSQ the assessments are part of the GL Assessment package of international tests and more information regarding these tests can be found at <https://www.gl-education.com/assessments> Students will be tested according to their age as follows:

YEAR	STUDENT EVALUATION
FS1 (Nursery)	Internal evaluation by Psychologist, Teacher, Head of Section
FS2 (Reception)	Reception Baseline, Internal evaluation by Psychologist
Year 1	GL Assessment 5-7 Reasoning using the NVR assessment at age level (age 6)
Year 2	GL Assessment 5-7 Reasoning using the NVR assessment at age level (age 7)
Year 3 upwards	GL Assessment CAT 4
Years 5 upwards	GL Assessment CAT 4 and PTE English Test

Where a student is overseas and not able to attend the assessment and interview, the Admissions Department will arrange to work with the current school to administer the BSQ assessments in situ. In addition, a Skype interview will be arranged with the relevant BSQ Head of School.

On the same day two meetings will take place.

- With either the Head of Primary or the Head of Secondary, depending on which phase the student/s are entering and the Admissions Officer. Also attending this interview will be one of the School Counsellors.
- With the Principal and the Admissions Officer

**4. Outcomes.** The student will be offered a place at BSQ assuming that the following criteria have been met:

- There is a space in the appropriate year group.
- There are no serious concerns regarding the student's behaviour in a previous institution
- There are no serious concerns regarding the student's ability to access the learning in the school (e.g. English language, or specific needs that would require specialist provision)
- There are no serious concerns regarding the outcomes from the GL or baseline testing.

It is also possible that in some circumstances a place may be offered in the provision that the family arrange for some additional tutoring to enable the student/s to access the curriculum effectively (for example additional English tuition)

**5. Final Stages.** Once the application has been accepted and the starting date agreed, the New Student Protocol will begin. This process is designed to ensure that everything is ready for the students to begin life at BSQ with confidence and includes identifying a buddy, allocating a locker (for Secondary students) and making sure that all the resources provided by the school are in place. As a rule, students will be allocated to a year group as follows:
